

Grab n Go Teen Outreach offers fun crafts and activities that invite teens to get creative and get involved with other students around town. GNG crafts are mindfully selected to align what's going on in the community on a monthly basis.

Bernards Townships teens grades 7-12 are invited to pick up monthly GNG kits. Activities and crafts are themed in topics like mindfulness, mental health, getting outside, relaxation, staying active and social and may even include snacks! These kits are paired with either an online info session or Zoom call to assemble the craft!
