

Health Screening 2019

Includes a blood test, urinalysis, stool test and blood pressure check. The purpose is to screen for conditions such as diabetes, gout, kidney disease, liver disease, cholesterol levels (HDL & LDL) and triglycerides, anemia, leukemia, and hypertension.*

WHEN: THURSDAY, May 9, 2019
7:00 a.m. to 9:00 a.m.

LOCATION: St. James R.C. Church
184 S. Finley Ave.
Basking Ridge, NJ 07920

Basic Screening Cost	Additional Optional Tests	Resident	Non-Resident
Residents: \$35.	Thyroid (TSH)	\$25.	\$35.
Non-Residents: \$45.	Hemoglobin A1c	\$15.	\$20.
<i>*Includes blood test, urinalysis, hemocult stool test and blood pressure check.</i>	FIT, Fecal Immunochemical Test	\$20.	\$25.

FIT or Fecal Immunochemical Test is highly accurate colorectal screening test . It is a sensitive, easy to use test for pre-cancerous polyps and colon cancer. It detects **ONLY** human blood, not food dyes or blood from food. Requires **only one** stool sample. The kit is sent directly to the lab after getting sample. (* This test is completed in place of the Hemocult Stool Test.)

IN-PERSON Registration REQUIRED Starts:

MONDAY, APRIL 8 — 9 am - 4 pm

AT THE BERNARDS TOWNSHIP HEALTH DEPARTMENT

262 South Finley Avenue, Basking Ridge, NJ 07920
