

Grab n Go Teen Outreach (GNG) offers fun crafts and activities that invite teens to get creative and get involved with other students around town. GNG crafts are mindfully selected to align with what's going on in the community.

Bernards Townships teens grades 7-12 are invited to pick up monthly GNG kits. Activities and crafts are themed in topics like mindfulness, mental health, getting outside, relaxation, staying active and social and may even include snacks! The hope is to have these kits spark their creativity at home until we can safely be together again!
